

HOW DOES AN ACCOUNTANT HELP YOU

# SAVE MONEY

## A good accountant saves you time and money

If you choose to file your own return you run the risk of making costly errors, filing tax returns late (which may result in penalties), and getting wrong or insufficient advice on accounting.

# TOP 10 REASONS TO HIRE AN ACCOUNTANT

## 1. Changing Tax Laws

For most people, keeping track of the changing tax laws can be difficult at best. If you aren't constantly paying attention, you could miss something important. An accountant knows what's new, and can help you get the latest tax benefits. Keep up with the tax changes on [The IRS Website](#).

## 2. Reducing Debt

Getting out of debt can be extremely challenging. But knowing how to manage it, negotiate with creditors, and prevent you from being bullied is exactly what an accountant is for. Let a CPA help you.

## 3. Your Investments

Are you a stock market genius? What about a real estate guru?

Most of us aren't, but luckily, your accountant is there to advise you on the best path to financial freedom.

## 4. You are Self-Employed

If you are self-employed or own your own business, an accountant can help with that too. Hiring someone with financial expertise can help you find ways to lower your taxes that you might otherwise miss.

There are some big write-offs for the self-employed. Don't miss out.

## 5. A New Business Venture

Along the same lines, if you're about to start your own business an accountant can help you prepare. With their help, you'll be able to ensure that all the necessary tax forms are filed and your business is structured correctly.

## 6. Numbers Aren't Your Thing

Obviously, if you are bad with numbers, getting some expert help is to your advantage. An accountant is trained to catch mistakes, and to fix them. You don't want to make a mistake and up being audited.

## 7. You Own Real Estate or Rentals

If you own your own home, or own rentals, an accountant can help you manage them. There are some specific tax situations tied to rental properties, and some major benefits. You definitely don't want to miss out on those.

## 8. A Life Change

Similarly, if you are about to go through a big life change, or you recently have, an accountant can help lead you through the transition.

Anytime you get married, get divorced, retire or have children your tax situation changes as well. An accountant will help lead you navigate the changes when it comes to your financial being.

## 9. To Save Time

If time isn't on your side, an accountant may be your new best friend. Not knowing what you are doing can be a real time waster.

An accountant will likely be able to cut down on the confusion, and cut down on the time it takes to do the job effectively.

## 10. To Save Money

Finally, the number one reason you need an accountant is simple. An accountant can save you money. Lots of money.
